

PROVIDING FOR COMMUNITIES

INDO-CHINESE COMMUNITY CENTRE, LONDON

Communities are more than just bricks and mortar - providing a focal point that is important for every community.

Demonstrating our ability to escape the mind-set of traditional buildings, we have built a community centre to fulfil the ambitions of the Indo-Chinese community in South East London.

The impressive foyer and bold design mark out this building as distinctive, yet it retains the practicability of its purpose.

Value: £0.8m

Client: Indo-Chinese Community

Consultants: Watts & Partners
