

CO-PACKING FACILITIES

MARCH, CAMBRIDGESHIRE

This new production facility and administration office was constructed for Budelpack March Ltd - a multi-product packing company which is part of a Dutch Group.

It comprises highly serviced food packing and handling areas, with particular accent on cleanliness and hygiene. The total construction of 110,000 sq ft from its greenfield beginnings to Client occupation was completed in just 26 weeks.

The site is part of the Region's business development area and funding was provided accordingly.
