

Due to the imminent closure of Little Highwood Hospital, Brentwood, a reprovion contract was let distributing the replacement facilities across 4 sites in the local community.

The photographs below show construction work at Neave Crescent, Romford, Essex, one of our hospital reprovion projects carried out for the Trust in conjunction with Kelsey Housing Association.

We were commissioned to construct 2 no. linked bungalows on each site to provide special needs and general accommodation for patients of the Trust in the Romford/Dagenham areas.

Client Kelsey Housing Association/  
Barking & Havering NHS Trust
