

FINDING OLD BUILDINGS FOR NEW USES

THE BARNES, KEMPSTON, BEDS

The Company identified this former Local Authority childrens home for clients, Raglan Housing Association.

In its pre-developed state the building presented a mismatch of structures added over the centuries to the original fine period house, some additions being more sympathetic to the original building than others!

In a comprehensive conversion and renovation programme we were able to produce 22 flats, many with the features and feel of the original structure, and with sympathetic newly built additions replacing the less successful previously added areas.

Value	£0.8m
Client	Raglan Housing Association
Consultants	Povall Flood & Wilson MEPK (Bedford)
